

ServiceIQ Aviation Gateway Flying Programme

FLYING START TO A CAREER IN AVIATION!

Aviation is an exciting career choice with lots of possibilities – from pilot, aeronautical engineer, flight attendant and air traffic controller, to check-in agent, cargo handling supervisor to airport operations officer, and many more.

ServiceIQ's Aviation Gateway Flying Programme is a fantastic way for students who are interested in aviation to get a feel for what it's like to be a pilot and to gain an understanding of different areas of the industry. If the passion is to be a pilot, this first-time experience can help a student gain acceptance into full time flight training.

Benefits for students

Students who successfully complete the programme will have gained:

- ▶ up to three flights towards their Private Pilot's Licence (PPL)
- ▶ up to 18 credits towards a nationally recognised qualification
- ▶ real skills and knowledge of the aviation industry
- ▶ an insight into many exciting career options in aviation
- ▶ access to aviation workplaces that are normally hard to visit

The right stuff

If you think flying is in your DNA, and you can answer "yes" to this checklist, then you really should apply through your school's Gateway Co-ordinator:

- a Year 12 or Year 13 student
- genuine motivation to enter the aviation sector
- minimum of Level 1 English and Maths

School 2 Career

How it works

Students do their training with CAA qualified instructors at a local aero club during term time. The programme usually takes about 10 weeks, and normally runs between 1.00pm and 3.30pm.

Aviation gateway package

Unit	Version	Title	Level	Credits
16818	4	Demonstrate knowledge of aviation industry law, systems and procedures	1	1
19585	2	Describe the development of aviation from pre World War 1 through to current times	2	8
19586	2	Identify aviation support structures, aircraft types and operations in New Zealand	2	3
19587	2	Demonstrate knowledge of internal structures in the civil aviation industry in New Zealand	2	3
20676	2	Demonstrate knowledge of aviation career and training options	2	3
20677	2	Demonstrate knowledge of the principles of aircraft flight	2	2
			Total Credits	20

Cost

Cost of resources package of 6 units	\$128.80 incl. GST
Assessment cost for resources	\$255 (\$42.50 per unit, incl. GST)
Cost of the flights through Aero Club	Contact your local aero club to confirm

Why ServiceIQ?

ServiceIQ is the training partner for the aviation industry and many others in the service sector. We help hundreds of businesses build success through world-class customer service, and we help young New Zealand students get a head-start with skills they need for a satisfying career and employment in the service industry.

How to take off

To sign up to this exciting programme, please complete the following through your Gateway Coordinator:

- ▶ contact your local aero club to find out about courses in your area
- ▶ fill out a Gateway MoU agreement for your school
- ▶ sign on students and order resources using the Gateway order form.
