

## Aviation Gateway – Parental Approval

**Please note that no activities will commence without this induction/H&S brief.**

I agree to my child taking part in the Aviation Gateway experience where my child will be visiting a number of aviation workplaces. All these workplaces come under the Health and Safety rules dictated by CAA (Civil Aviation Authority) and therefore will receive an induction briefing from the point of contact at each location participating in any workplace experience.

Please hand the completed form back to your Gateway Coordinator.

Participant's name

Date of Birth
