

Introducing Quality and Moderation

ServiceIQ is responsible for monitoring the quality of assessment across the service sectors. Our Quality and Moderation Team ensure that assessment materials and practices are fair, valid, and consistent, and meet the national standard.

All providers and schools who have Consent to Assess against ServiceIQ unit standards are required to participate in moderation if they are producing assessment materials or assessing ServiceIQ unit standards:

- ▶ If your organisation is producing their own materials to be used for assessment, these must be Pre-moderated by our team before they are used to assess any ServiceIQ unit standards.
- ▶ If your organisation is assessing any ServiceIQ unit standards, they must participate in annual Post Moderation of assessed work.

All providers and schools intending to assess ServiceIQ unit standards must obtain Consent to Assess from NZQA. A letter of support from ServiceIQ must be included in the application to NZQA.

In order to obtain and maintain Consent to Assess, organisations need to ensure they meet the criteria set out in the applicable Consent and Moderation Requirements (CMR). CMR documents set out industry expectations around unit standard delivery and assessment. You can access the CMR for Service Industry Sectors [here](#) and the CMR for Aviation Sectors [here](#).

3. One of our advisors will Pre-moderate your assessment materials. If any changes are required, the advisor will outline these in a report and request re-submission of materials.

Please allow 20 working days for evaluation.

Costs:

The initial submission of materials for Pre-moderation is free of charge. From 1 January 2019, the Pre-moderation of any second or subsequent submission of assessment material will incur a cost of \$100 per hour plus GST.

If a site visit is required for Pre-moderation of assessment materials, the following charges apply:

- ▶ \$300 per day plus GST
- ▶ Travel and accommodation (if required): reimbursement for actual and reasonable travel and accommodation expenses; any vehicle mileage as per the IRD rate applicable at the time.

Post Moderation

Post assessment moderation is the process of checking the marking of assessments to ensure they meet the national standard and are fair, valid and consistent.

Providers and schools who hold Consent to Assess ServiceIQ unit standards are required to complete an Assessment Intention Plan (AIP) annually. This provides ServiceIQ with the details of the unit standards you are intending to assess during 2019. Instructions on how to complete the AIP can be found [here](#). Samples for Post Moderation will be requested based on the plan you provide. Usually samples of two unit standards from each sector are requested for moderation.

Process:

1. Download and complete the ServiceIQ Post-moderation Coversheet.
2. Attach three samples for each unit standard selected as well as any additional evidence that may have contributed to the assessment decision, as well as marking schedules/model answers and internal moderation reports.
3. Courier your submission to us by the close-off date or earlier by sending it to:

ServiceIQ

Attn: Quality and Moderation Coordinator

Level 14, Plimmer Towers

2–6 Gilmer Terrace

Or Email your Post Moderation submission to Quality@ServiceIQ.org.nz

Please allow 30 working days for evaluation.

The Post Moderation process is designed to support your organisation in delivering fair, valid and consistent assessments. The process may require you to complete an Action Plan for improving assessment practices for the following year.

Post Moderation – on-site visits

A sample of providers and schools may be selected each year for on-site moderation visits. The dates of any Post Moderation visit will be scheduled in consultation with the school or provider. These visits are an opportunity for ServiceIQ to sample assessments, observe assessment, equipment, and environments, and have discussions with assessing staff and managers.

Consent to Assess

Consent to Assess unit standards is granted to organisations that meet the requirements set out by ServiceIQ and the New Zealand Qualifications Authority (NZQA). In order to gain Consent to Assess, an organisation must apply to NZQA.
