

# GATEWAY MEMORANDUM OF UNDERSTANDING (MOU)

THIS AGREEMENT IS MADE BETWEEN:  
Service Skills Institute trading as ServiceIQ and:

(Name of School) .....  
here after called the “School”

## 1. Purpose

- 1.1 ServiceIQ and the School agree that the purpose of this MOU is to support the introduction and maintenance of the ServiceIQ Schools Gateway Programmes (including RSIS, Oasis and Cultural Camps), as applied to work based learning using selected ServiceIQ unit standards for the calendar year.
- 1.2 The School may only use and report from the list of workplace-approved unit standards as listed in the Gateway Unit Standards and Resources document.

## 2. Assessment

- 2.1 Where a School holds appropriate Consent to Assess and has marked the work themselves, the School must use its own provider code for reporting student results to NZQA.
- 2.2 Where a School has used the marking services provided by ServiceIQ, the School may use ServiceIQ’s provider code to log student results within the School’s internal student management system and to report student results to NZQA. The ServiceIQ provider code will be sent to you with a counter-signed copy of this MoU.
- 2.3 The Aviation Gateway unit standards are always assessed by a ServiceIQ registered assessor as they are beyond the Consent to Assess scope appropriate to a School.
- 2.4 Where the School does not hold Consent to Assess for the unit standards chosen, ServiceIQ will provide an assessment service on a cost recovery basis. Alternatively the School may enter a private arrangement with a current ServiceIQ registered assessor who holds the appropriate assessment scope.
- 2.5 The distinction between 2.1 and 2.2 must be adhered to and ServiceIQ will verify any students results reported under 2.2 with NZQA on a quarterly basis.
- 2.6 All ServiceIQ Registered Assessors being used through the Gateway programme must:
  - a. be currently registered with ServiceIQ and liaise with the regional ServiceIQ Schools Advisor
